# HOW TO MEASURE

- For best results, have someone else take measurements.
- Measure body in underwear.
- Tape must be snug but not tight.
- If measurements fall between two sizes, order the larger size.

1	<b>Head</b>	Around your head, from the center of the forehead, above the ears and over the natural bump at the back of the head.
2	<b>Arm Length</b>	Let the hands hang down on the side in a slightly bent position. Measure from the center of the back of your neck, along the length of your arm, to the wrist.
3	<b>Chest / Bust</b>	Measure under your arms, around the fullest part of your chest.
4	<b>Waist</b>	Measure around your natural waistline, keeping one finger between the tape and body.
5	<b>Hips</b>	Across the fullest part of the seat.
6	<b>Inseam</b>	Without shoes, from crotch to the floor.

## What code represents your size?

1. Find your size.
2. The corresponding code is **THE CODE** you use to complete the part number on your order. **Example:** 440227\_\_90 Size: M = Code **"06"**, therefore 4402270690
